Hello [REDACTED],

Thank you for your email. It seems that your email fell through my radar. I want to confirm that I am now in receipt of both your emails regarding the vehicle dwelling at Chatsworth St.

Thank you for bringing this issue to Councilwoman Rodriguez's office's attention. I am very aware of the vehicle dwelling at this location. I have reached out to the Los Angeles Department of Transportation (LADOT) regarding the visibility issue caused from the large RVs parked in front of Dunn Edwards. The LADOT has approved a 20 ft. red curb east of the Del Taco driveway to improve visibility. Councilwoman Rodriguez's office is expediting this request and expect to have the curb installed in a timely manner.

Moreover, the LADOT has also sent a time limit (1 or 2 hour) parking limit application to the management of Dunn Edwards, in order to address the issue of prolonged parking of multiple vehicles. We're awaiting the completion of there petition/application.

Also, if you have specific frames of time and description of persons or description of vehicles that are engaged in any illegal or illicit activity please provide that information so that I can refer it to Mission VICE unit. Unfortunately generalities and vague/broad information is not useful for the LAPD when conducting investigations.

If you have any further questions or concerns please do not hesitate to contact our office. I also would like to introduce you to the new Mission Hills Area Representative Dominique Vitti (Cc'ed on this email). She is the new liaison for the Mission Hills community on behalf of Councilwoman Rodriguez and can assist you going forward.

if you want to improve Sepulveda bl? please get rid of the homeless encampment on Chatsworth dr./ Sepulveda in front of Dunn Edwards paint. There are ongoing problems there with drugs, fighting, paraphernalia tossed everywhere. There RV's block the road too. Please start there. We will never thrive with this going on. Thank you, Nancy Anderson
